Disclaimer- The theatre is designed to accommodate plays, lectures, acoustic music and spoken programs. A general light plot is in place for these events. If additional, more complex, lighting is needed arrangements must be made in advance. The acoustics of the theater are excellent. Concerts or events with additional, or more sophisticated, sound needs are encouraged to contact an outside operator for additional equipment. No alterations may be made to the stage, curtains, cyc, lighting, sound, seats or other equipment without prior written approval. Additional charges for certain changes, or equipment use may be applied. (See use policy for details.)
