

## COMMUNITY USE OF SCHOOL FACILITIES

DEFINITION: "School facilities" are buildings and grounds, parking lots, playing fields and fixed equipment.

It is the Board's desire that the local taxpayers who provide the school should be able to obtain maximum use of the facilities, to the extent consistent with the primary educational function of the school. It is intended that community uses for educational, recreational, social, civic, philanthropic and like purposes be approved by the administration, in accordance with this policy, the implementing regulations, and a fee schedule approved annually by this Board.

The Superintendent is responsible for developing administrative regulations which provide for: timely applications; uses which do not interfere with educational or extracurricular programs of the public school students; preference to local, not-for-profit organizations; and the acceptance of appropriate responsibility and liability.

These factors are to further guide community use:

- A. A certificate of insurance shall be required as appropriate to the particular use;
- B. Alcoholic beverages and use of tobacco products in school buildings or on school premises are a violation of State Law and will not be tolerated on school premises.
- C. School facilities may not be used for any illegal purposes;
- D. Community adults and children are free to use outdoor grounds and facilities for recreation whenever not otherwise scheduled. However, formal approval of buildings and grounds use will only be granted to recognized organizations and groups;
- E. Any approval of the use of school facilities is to require the signing of a *Building Use Form* setting forth the conditions of use;
- F. Application for use is to be made through the Principal, with final approval determined by the Superintendent; and
- G. Repeat use may be denied to any group or individual that has not demonstrated appropriate conduct and care.

Scheduling of the school facility will be coordinated by the School Secretary. All extra & co-curricular and non-school events must be submitted for approval on a Building Use Form and approved by the Superintendent. When necessary in order to enter into a contract with a professional performer or organization the district will schedule events up to one year in advance.

Facility use may be granted without rental charge, as follows:

- A. Not-for-profit educational, recreational, cultural and fraternal organizations having a significant number of members who are community residents;
- B. Not-for-profit groups which present programs that are designed to be educationally, recreationally or culturally beneficial to local citizens; and
- C. Municipal-sponsored groups and organizations.

Non-approved uses:

- A. Any use for commercial or profit-making ventures, by profit making entities, or for personal gain. Exceptions to this provision may apply if the activity is sponsored by the District for its students or staff.
- B. Use in any manner that will violate local, state or federal law.
- C. Possession or consumption of alcoholic beverages or tobacco products are prohibited.

The following may be requested of any group or individual:

- A. Reimbursement for incidental expenses (utilities, etc.);
- B. A deposit with the application, refundable after leaving the facility in satisfactory condition;
- C. Reimbursement for property damage and any cleaning and repair costs;
- D. Reimbursement for custodian or other staff costs when necessary to the use of the facility; and
- E. Fees for rental of equipment.

Conditions of Use:

- A) Presence of school employee  
A school employee (custodian) selected by the Principal/Food Services Director must be present unless waived by the Principal or Superintendent  
All non-school groups using the building (other than official boards or committees of the Town) shall reimburse the School Department for the hourly costs of the school employees. The Superintendent may, at his/her discretion, apply additional fees for use of the facilities.
- B) Hold Harmless  
All applicants for the use of the school facilities shall hold the MSAD#8 School Board, its members, employees and agents free and without harm from any loss, damage, liability, or expense that may arise during or be caused in any way by such use or occupancy of the school facilities. All applicants shall execute a release and hold harmless agreement approved by the Superintendent. The School Board, Superintendent or Principal may in their discretion also require an applicant to furnish proof of adequate liability insurance.

- C) Condition of Facilities  
The user shall leave the facilities in the same condition that they were received. In the event of damage or unanticipated custodial services, which may be necessary after an event, the using organization will be billed for all expenses by the School Department.
  
- D) Preservation of order  
All individuals or groups using school facilities are responsible for the preservation of order during all activities and are required to comply with all the applicable statutes, ordinances and regulations, in addition to any policies or conditions established by the School Board. If security is deemed necessary, the user shall pay all expenses.
  
- E) Approval; Appeal  
The Superintendent, Principal or his/her designee is authorized to approve and schedule the use of the school facilities. Requests for such use should be submitted far enough in advance to avoid conflict of events. In the event that permission is denied, the applicant may appeal to the School Board directly at their next regularly scheduled meeting, provided that a request for inclusion on the agenda is submitted to the Superintendent's Office at least 10 days in advance of the meeting.

It is the responsibility of the using individual/organizations to comply with the specific obligations as outlined in the "Procedures for the Use of School Facilities."
